SUMMARY

Full Stack Software Developer with about 2 years of experience and a strong focus on full-stack applications. Skilled in building and scaling end-to-end systems using TypeScript, React, and a wide range of databases including PostgreSQL, MongoDB, Aerospike, and Redis. Experienced with both traditional and high-performance, low-latency data stores. Comfortable working across the stack, from schema design with type validations to deploying production-ready features in Agile environments.

EDUCATION

UTSA | Remote — *Coding Bootcamp*

June 2024 - November 2024

Completed a full-stack bootcamp with hands-on experience in React, PostgreSQL, MongoDB, and GraphQL. Developed APIs and built dynamic web apps, focusing on front-end and back-end integration.

ISVA | Remote — *High School Diploma*

August 2023 - June 2024

Earned an accredited online high school diploma. Completed core courses in Mathematics, Science, English, and Geography. Graduated with honors and minimal coding background before starting full time.

EXPERIENCE

Green Tea Technologies | Remote — **Software Engineer Contractor**

February 2025 - PRESENT

Built an AI-powered food review app with photo sharing, chatbots, smart content validation, trained and fine-tuned AI agents, and vector-database RAG models using Qdrant, TypeScript, and OpenAI tools.

WORK SKILLS

Time Management, Problem Solving, Artificial Intelligence, Effective Communication, Collaboration & Teamwork, Adaptability & Flexibility, Attention to Detail, Continuous Learning, Excellent Verbal Communication, Organizational Skills, Management Skills & More

TECH SKILLS

TypeScript, Zod, React.js, Tailwind CSS, React Native, Express, Prisma, PostgreSQL, MongoDB, Redis, Aerospike, Qdrant, Docker, AWS, DigitalOcean, Git, Github, Linux CLI, Zustand, GraphQL, AI Fine Tuning, Bootstrap & More

PROJECTS

Byte Club is an AI-powered food review app where users earn rewards for reviews and discover new places to eat.

Stellabyte is an S3-backed cloud storage platform with Prisma ORM and a cosmic-themed UI.

Byte Club | Remote —Co-Founder & Lead Developer

February 2025 - PRESENT

Co-developing Byte Club, a work-in-progress food review app that helps users discover local eats and earn rewards for sharing their experiences.

A RAG Chatbot. A retrieval-augmented chatbot widget that uses a vector database to deliver context-aware responses.

Walmart | Marble Falls, Texas — *Personal Shopper*

April 2024 - June 2024

Worked at Walmart as a Personal Shopper, preparing accurate and efficient online orders for customers.

Best Buy | Austin, Texas — *Warehouse Associate*

October 2023 - April 2024

Worked at Best Buy handling inventory, shipments, and product organization in the warehouse.

HEB | Austin, Texas — *Personal Shopper*

August 2022 - October 2023

Shopped and prepared curbside pickup orders across all departments for customers.
